

Vacuum Technology Seminar

FREE Seminar, Manual and refreshments

The Objective:

Assist in the training and education of scientists, engineers and technicians in the art and science of VACUUM.

Who is this for?

Anyone with an interest in Vacuum Science will benefit from this seminar. Those who are skilled practitioners can expect to gain valuable insights and pointers. While those with minimal vacuum experience, will receive a comprehensive treatment of high and ultra high vacuum practice.

Taught by a trained vacuum expert.

- Approximately four hours in length
- Informal; to allow for questions and answers
- Comprehensive manual provided FREE
- Limited Registration

Contents

- HV/UHV Introduction
- System Pressure
- Total Gas Load
- Materials Selection
- System Pumping Speed
- Gauges
- System Operation
- Troubleshooting
- Q & A Session

VARIAN

Sponsored by Varian Vacuum Technologies, a world leader in vacuum pumps & components and dedicated to advance the art and science of vacuum.
