March 9-10, 2010 PF Symposium

The 27th PF Symposium was held on March 9-10, 2010 at the EPOCHAL Tsukuba. Many scientific lectures were given by distinguished invited speakers. Among all, we had two special lectures by Prof. Herman Winick and Prof. Ada Yonath, 2009 Nobel laureate in Chemistry (see p. 3 and p. 157).

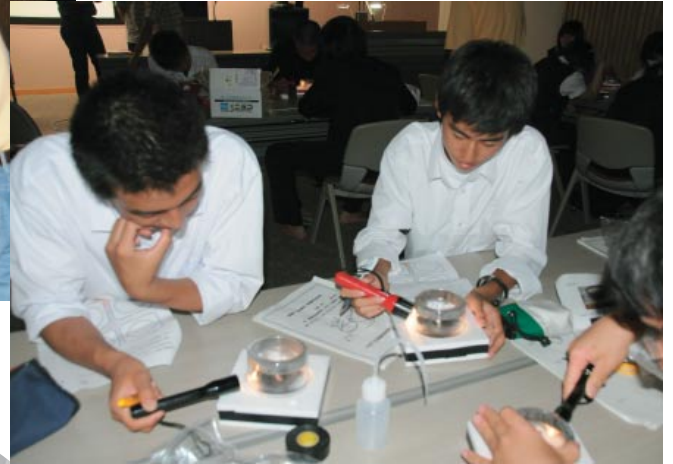

Visitors

To publicize our scientific activities to as many people as possible outside the PF, we receive general visitors at any time. These include junior-high-school and senior-high-school students, university students, government personnel, company members, and general citizens.

On July 9, 2009, Morioka Daiichi High School.

On April 19, 2009, The Science & Technology Week.
